Scientific publications

Morlino C., Byrne I., Achan J., ... Dagnon S.J.F., ... Cohee L.M. (2025). Barriers to uptake and implementation of malaria chemoprevention in school-aged children. *Frontiers in Tropical Diseases*. DOI: 10.3389/fitd.2025.1480907

Souza Svigel S., Adeothy A., Kpemasse A., ... Dagnon F., ... Lucchi N.W. (2021). Low prevalence of highly sulfadoxine-resistant dihydropteroate synthase alleles in Benin. *Malaria Journal*. DOI: 10.1186/s12936-021-03605-5

Ahogni I.B., Salako A.S., Dagnon J.F., ... Akogbeto M.C. (2020). Assessment of the Durability and Bio-effectiveness of Three Long-Lasting Insecticidal Nets in Benin. *Journal of Biology and Life Science*. DOI: 10.5296/jbls.v11i2.17645

Ahogni I.B., Aïkpon R.Y., Dagnon J.F., ... Akogbéto M.C. (2020). Chemical barrier and survivorship: Comparative study of two brands of polyester nets in Benin. *International Journal of Mosquito Research*.

Sominahouin A., Dagnon F., Padonou G.G., Akogbéto M.C. (2020). Malaria Risks Related to Poor Practices in The Use of Mosquito Bite Control Tools. Preprint — Research Square. DOI: 10.21203/rs.3.rs-38144/v1

Sominahouin A., Padonou G.G., Landéhou R., ... Dagnon F., ... Akogbéto M. (2020). Influence of Climatic Factors on Aggression and Infectivity of Anopheles in IRS Districts in Northern Benin. *American Journal of Laboratory Medicine*. DOI: 10.11648/j.ajlm.20200501.11

Akogbéto M.C., Dagnon F., Aïkpon R., ... Padonou G.G. (2020). Lessons learned, challenges, and outlooks for decision-making after a decade of IRS monitoring in Benin. *Malaria Journal*.

Aïkpon R.Y., Padonou G., Dagnon F., ... Akogbéto M. (2020). Increase in malaria transmission after indoor residual spraying withdrawal in Benin. *Malaria Journal*. DOI: 10.1186/s12936-019-3086-2

Ahogni B., Aïkpon R.Y., Ossè R.A., Dagnon J.F., ... Akogbéto M.C. (2020). Field durability of Yorkool® nets in Benin. *Advances in Entomology*. scirp.org/journal/ae

Salako A.S., Dagnon F., Sovi A., ... Akogbéto M.C. (2019). Efficacy of Actellic 300 CS indoor residual spraying in northern Benin. *Parasites & Vectors*. DOI: 10.1186/s13071-019-3865-1

Salako A.S., Ossè R., Padonou G.G., Dagnon F., ... Akogbéto M.C. (2019). Population dynamics of *Anopheles gambiae* s.l. before IRS campaign in northern Benin. *Vector-Borne and Zoonotic Diseases*. DOI: 10.1089/vbz.2018.2409

Sominahouin A., Padonou G.G., Landéhou R., ... Dagnon F., ... Akogbéto M.C. (2019). Influence of climatic factors on *Anopheles* aggression in northern Benin. Preprint — Research Square. DOI: 10.21203/rs.2.14494/v1

Salako A.S., Ahogni I., Aïkpon R., ... Dagnon F., ... Akogbéto M.C. (2018). Insecticide resistance status of *Anopheles gambiae* in two regions of northern Benin. *Parasites & Vectors*. DOI: 10.1186/s13071-018-3180-2

Akogbéto M.C., Salako A.S., Dagnon F., ... Sezonlin M. (2018). Feeding behaviour comparison of *Anopheles coluzzii* and *Anopheles gambiae* in northern Benin. *Malaria Journal*. DOI: 10.1186/s12936-018-2452-9

Aïkpon R., Ossè R., Ahogni I., Dagnon F., Lyikirenga L., Akogbéto M. (2018). Assessment of residual malaria transmission in the Atacora region of Benin. *Journal of Entomology and Zoology Studies*.

Salako A.S., Ahogni I., Kpanou C., ... Dagnon F., ... Akogbéto M.C. (2018). Entomological baseline data on malaria transmission in northern Benin. *Malaria Journal*. DOI: 10.1186/s12936-018-2507-y

Op-eds and commentary

Rose Leke, Seynude Jean Fortune Dagnon (2026). From Malaria Control to Elimination: The Turn We Need to Make. *Africa Health Watch — Perspectives*.[↗](#)
